

**In Re Jeffrey Steven Saull  
Case No. 05-37642-BKC-SHF**

Order entered on May 10, 2006

Creditor claims to have not been properly noticed of the bankruptcy because they were not properly listed on the schedules. As such the creditor claims that they should be permitted to file a complaint on an untimely basis. However, it is apparent from the docket in this case that they were listed, although incorrectly, and made aware of the bankruptcy as evidenced by the Notice of Representation well before the deadline to file a complaint.

**Held:** Based upon the January 9, 2006 Notice of Representation by the attorney appearing on behalf of the creditor, the creditor had reasonable notice of the February 17, 2006 deadline to file a complaint objecting to dischargeability.

Motion to File an Untimely Complaint Challenging the Dischargeability of Debt is **denied**
